POLICIES

Warranty

All Stenner warranties or repairs should be directed to the factory. Stenner will not accept defective pumps in exchange for new units. Warranty repairs will be handled according to our warranty policy.

Limited Warranty

Stenner Pump Company will for a period of one (1) or two (2) years from date of purchase (proof of purchase required) depending on series, repair or replace, at our option, all defective parts. Stenner is not responsible for any removal or installation costs. Pump tube assemblies and rubber components are considered perishable and are not covered in this warranty. Pump tube will be replaced each time a pump is in for service, unless otherwise specified. The cost of the pump tube replacement will be the responsibility of the customer. Stenner will incur shipping costs for warranty products shipped from our factory in Jacksonville, Florida. Any tampering with major components, chemical damage, faulty wiring, weather conditions, water damage, power surges, or products not used with reasonable care and maintained in accordance with the instructions will void the warranty. Stenner limits its liability solely to the cost of the original product. We make no other warranty expressed or implied.

Returns

Stenner offers a 30-day return policy on factory direct purchases. Except as otherwise provided, no merchandise will be accepted for return after 30 days from purchase. To return merchandise at any time, call Stenner at 800.683.2378 for a Return Merchandise Authorization (RMA) number. A 15% re-stocking fee will be applied. Include a copy of your invoice or packing slip with your return.

Problem with Shipment

Check orders immediately upon arrival. Any claim of damage, shortage or order discrepancy must be noted on the delivery receipt and reported to Stenner at 800.683.2378 within seven (7) days of receipt.

Pump Service & Repairs

Before returning a pump for warranty or repair, remove chemical from pump tube by running water through the tube, and then run the pump dry. Following expiration of the warranty period, Stenner Pump Company will clean and overhaul any Stenner metering pump for a minimum labor charge plus necessary replacement parts and shipping. All metering pumps received for overhaul will be restored to their original condition. The customer will be charged for missing parts unless specific instructions are given. To return merchandise for repair, call Stenner at 800.683.2378 or 904.641.1666 for a Return Merchandise Authorization (RMA) number.

Disclaimer

This information is not intended for specific application purposes. Stenner Pump Company reserves the right to make changes to prices, products, and specifications at any time without prior notice.

Order Requirements

Stenner does not accept verbal orders. All purchase orders are to be submitted in writing. Orders shipped within the U.S. are required to meet a \$35 (USD) minimum (subject to change). Stenner does not drop ship orders to homeowners and/or a non-business location and reserves the right to determine and refuse a shipment if it does not adhere to this policy. Due to certain restrictions and limitations for shipments outside of the U.S., please contact the International Sales Department.

Shipping

All shipping charges are prepaid and add, by our standard carrier, unless otherwise specified on purchase order. Depending on product availability and geographic location of recipient, Stenner ships from Jacksonville, Florida, Halfmoon, New York or New Century, Kansas.

Distribution Policy

The Stenner Pump Company has an open distribution sales policy which does not restrict established distributors in the form of reselling, pricing, or geography. Stenner does encourage distributors to adhere to standard business ethics promoting honest and fair trade practices. The Stenner Pump Company does maintain the right to continually evaluate our sales policy and make adjustments as needed.

Payment

Stenner Pump Company offers terms to customers with an open account. Unless otherwise agreed upon, payment is due within the terms specified on the invoice. Any account that is not kept current will have its open account status revised and any future orders will be placed on hold at our discretion. Stenner Pump Company reserves the right to revoke open account status at any time without prior written notice. Customers with a revoked open account status will be required to pre-pay with a Visa, Master Card, American Express or Discover.

Taxes

Florida State Law requires a Blanket Certificate of Resale on file (for Florida customers only) to obtain tax-exempt status. Resale Certificate must be renewed annually and copy submitted to Stenner Pump Company to maintain tax exemption.

TRADEMARKS

QuickPro® is a registered trademark of the Stenner Pump Company. Santoprene® is a registered trademark of Exxon Mobil Corporation. Versilon® is a registered trademark of Saint-Gobain Performance Plastics. Pellethane® is a registered trademark of Lubrizol Advanced Materials, Inc. AquaShield™ is a trademark of Houghton International.
